Brio

720 PREMIER SERIES WATER COOLER WITH TOUCHLESS TECHNOLOGY

Welcome to the future. The Brio 720 Premiere Series features innovative touchless technology that lets you dispense cold water with just the wave of a hand. This safe and efficient water-delivery solution is just one of the benefits you enjoy with the 720. This easy bottom-load model also lets you customize the hot and cold water temperatures. A child safety lock prevents accidental release of hot water. And the bright LED screen clearly displays the time and water temperature, day or night. In a durable stainless steel, this sleek, modern cooler is designed to be tough and timeless.

STANDARD FEATURES

- Fully adjustable hot and cold water
- Bright screen and touch sensitive panel
- Electro-polished stainless steel frame, body, and internal components
- Easy bottom-load unit
- Large dispense point for quick refills
